

POLISHING EQUIPMENT

1 - CYCLO ORBITAL POLISHER

Developed for the aircraft industry, the Cyclo Wonder Tool is government approved for the high exacting demands of cleaning and polishing missiles and aircraft - even supersonic jets. It is used by most major airlines and aircraft manufacturers and will polish any surface - flat, curved, concave or convex without gouging, marring or burning, as a rotary polisher may do. Leaves no swirl marks; gives a beautifully polished finish. Even a beginner can do a professional job quickly, easily and safely. Also used as a swirl free sander, scrubber, stripper and cleaner. Available as an electric tool. 115V, 1/3hp or air tool (requires 10 CFM Minimum). Wool Pads are not included and must be ordered separately.

- No. Cyclo 5..... (115v 60 Hz Electric).....
- No. Cyclo 5C (230v 50 Hz Electric).....
- No. Cyclo 11 (1/2 HP Air)
- No. 2002 (Wool Pad - 1 per pkg.).....

2- CYCLO® AIRCRAFT POLISH/CLEANER

Cyclo FREE-FLITE is a one-step cleaning and polishing compound. FREE-FLITE removes corrosion, oxidation and surface film, and leaves a hard, highly polished, protective finish upon drying. The resulting smooth coating reduces surface drag, reduces fuel consumption, and improves aircraft response. Contains no ammonia. Meets government spec. MIL-P-68888 Type 1. Wt. 2 lbs.

- No. 83-090 (1 qt can).....

3 - MET-ALL® ALUMINUM & STAINLESS STEEL POLISH

Painted or unpainted, MET-ALL's Aluminum & Stainless Steel polish keeps your aluminum and steel surfaces shining bright. Special protective agents remove and prevent oxidation. It's non-abrasive, environmentally safe formula guards against water spots and maintains luster. Non-toxic and non-flammable. Effective in removing accumulated surface dirt and stains from anodized aluminum.

- No. MA-BP2 (2.5 oz Tube).....
- No. MA-TC10 (16 oz Can).....
- No. MA-TC20 (32 oz Can).....

4 - MET-ALL® PREP AND ULTRA POLISH

Prep and Ultra polishes provides you with a complete two-stage solution to the perfect finish. First, use the aggressive Prep Polish to remove roughness. It's thorough cutting action clears away years of oxidation and leave the surface well prepared for finish polishing. Next, buff to a mirror-like finish with Ultra Polish. The super-smooth Ultra Polish will also restore optical quality to acrylics, as well as remove fine scratches in fiberglass and paint surfaces, restoring the original showroom shine.

MA-P37

MA-P100

- No. MA-P37 (16 oz Prep Polish).....
- No. MA-P100 (16 oz Ultra Polish).....
- No. MA-UPC (16 oz Prep & Ultra Polish Combo)

5 - MET-ALL® DETAILING POLISHING KIT

MET-ALL's Detail Polishing Kit will produce a show room finish on bare metal, painted surfaces and fiberglass using a variety of Met-All polishes and premium bonnets. Each bonnet features a recessed loop back so the edge of the pad, as well as its face, can be used effectively with less concern for scuffing or marring the finish

POLISHING EQUIPMENT

1 - ATS DELUXE VERTICAL POLISHER KIT

A superior quality polisher kit features a high speed ball-bearing vertical polisher for smooth, quiet operation. Includes a complete collection of pads and holders for any polishing, blending, or buffing job.

- 1 - 3" Eva Pad.
- 1 - 3" Hook & Loop Pad Holder.
- 1 - 3" Lambs Wool Buffing Pad.
- 1 - 3" Lambs Wool Polishing Pad.

Polymer Specifications: 2,500 RPM Free Speed, 3" (76mm) Pad Size, 6-5/16" (160mm) overall length, 1.78 lbs (.81 kg) weight.

No. ATS4601K

2 - ATS 7 PIECE MINI POLISHER KIT

This is a great all-a-round polishing kit that's well suited for blending, and buffing out blemishes, as well as bringing out a mirrorlike shine to any surface. Includes everything needed to get started except buffing compounds and polishes:

- 1 - 3" Hard Compounding Pad.
- 1 - 3" Soft Compounding Pad.
- 1 - 3-1/2" Lambs Wool Bonnet.
- 1 - 3" Hook & Loop (velcro) Backing Pad.

Polymer Specifications: 2,000 RPM Free Speed, 3" (76mm) Pad Size, 4-7/16" (138mm) overall length, 1.6 lbs (.75 kg) weight.

No. ATS4600K

3 - ATS 5" PALM POLISHER

A powerful compact polisher that's perfect for doing detail polishing in tight areas having complex surfaces such as wing roots, cowlings, or control surface areas.

- 3,000 RPM Free Speed.
- 5" (125mm) Pad Size.
- 6-1/2" (165 mm) Overall Length
- Orbit 3/16" (5mm).
- 1/4 hp.
- 2.2 lbs (1.0 kg).

No. ATS4602

4 - ATS 7" ANGLE POLISHER

An angle polisher is ideally suited for polishing relatively flat areas very quickly. It's the perfect tool to polish fuselage and wing areas.

- 2,500 RPM Free Speed.
- 14-1/2" (370 mm) Overall Length.
- 7" (178 mm) Pad Size.
- 5.3 lbs (2.4 kg).

No. ATS4605

5 - ATS 7" VERTICAL POLISHER

This powerful polisher makes short work of any buffing job. Heavy duty motor will not bog down under heavy loading, and dual-handle design gives you total control. This is the tool you need to bring out a glass like finish to your airplane's paint job.

- 2,000 RPM Free Speed.
- 7-1/2" (190 mm) Overall Length.
- 7" (178 mm) Pad Size.
- 2.2 lbs (1.0 kg).

No. ATS4603
