2 - ATS PRO X-SERIES RIVET GUNS

Introducing the new ATS Pro Series X-Guns. The standard tool used in aircraft manufacturing plants such as Boeing and Lockheed-Martin has just gotten better! We've retooled our popular X-Guns to make them smoother and more powerful, while still keeping them completely interchangeable with Chicago Pneumatic guns. They are slow hitting with excellent finger tip control. Accepts all .401 shank rivet sets and attachments. They are a part of the new ATS Pro Series of tools and carry a **Lifetime Warranty**.

3 - ATS ECONOMY AIRCRAFT RIVET GUN

The next generation of our best-selling 2602 Economy Rivet Gun is 6 ounces lighter, better balanced, and now features the same feather-light throttle as many of the more expensive X-Guns. It's so controllable you can safely drive a 3/32" rivet, yet it delivers the same power as a standard 3X Rivet Gun. Also, we've engineered the new 2602A with your safety in mind by adding an ergonomic, vibration-reducing rubber grip that significantly reduces the hand-numbing effects of vibration shock. The 2602 has been recommended for use in many kits by their manufacturers such as the RV's, Thorp T-18, and the Midget Mustang. 0-2600 BPM, weight 3.2 lbs., 3CFM at 90 psi, .401 shank.

- No. 2602A

Includes beehive & mechaidd springs plus a FREE bottle of ATS Tool Oil

4 - SHOCK REDUCED RIVET GUN

Low Shock 3X Rivet Gun has same power of a standard gun, but at a much lower level of vibration. If you are at risk for the harmful effects of vibration shock, then this gun will allow you to work longer without suffering its numbing effects. Performance is similar to a standard rivet gun, but this unit is slightly heavier and a bit longer than a standard gun.

Specifications: 3/16" Aluminum (Dural) capacity; 2160 BPM; 9.5" Overall Length; 3.52 Lbs; .401" Shank fits standard rivet sets; Vibration 10 m/s²; Noise: 105 dBA 90 psi operation; 8.8 cfm air consumption.

RIVET GUNS

ATS PRO DESIGNER RIVET GUNS

When you buy a car, you don't get the same color as everyone else - do you? So why get the same rivet gun as everyone else? Express your individuality with an Aircraft Tool Supply Designer Pro Rivet Gun. You get the same rugged durability, reliability, and power of our ATS Pro Rivet Gun in your choice of five brilliant new colors that will set you apart from the ordinary. Everything about this gun, from its rich, vibrant, baked enamel color to the distinctive laser-etched ATS Pro logo on the side reflects the outstanding quality you've come to expect from ATS. As an added bonus, we've included a **FREE** Precision Brass Air Regulator, a **FREE** set of Beehive & Mechaid Retainer Springs, plus a **FREE** 4oz bottle of ATS Tool Oil. And, of course, it's all backed by our industry leading **unconditional ATS-Pro Lifetime Warranty**.

We originally released the *Ats Pro Designer* series as a limited edition in the spring of 2005 to celebrate our 30th anniversary, and they were an instant hit. So, by popular demand, we're including them as a part of our main product line. We're also looking for new colors to add to the series. Have any ideas? Send us an email to info@aircraft-tool.com and if we use your idea, we'll send you a special gift -- Des

RIVET GUNS

1 - ATS PRO .498" LARGE BORE RIVET GUNS

Our new large bore rivet guns are heavy hitting to handle those larger riveting jobs that are beyond the capacity of smaller .401" shank rivet guns. Excellent for driving rivets of 1/4" diameter or larger. Completely interchangeable with Chicago Pneumatic guns, and have excellent finger tip control. Accepts .498" shank rivet sets and attachments, but we've also included at no extra cost a .401" shank adapter (p/n SR498401) that allows you to use .401" tooling. Carries the ATS Pro Series Lifetime Warranty.
