PAINT SAVER LIDS

Saves money, paint and clean-up time. Snaps onto top of can and pulls off quickly. Prevents drips down side of can and paint from getting in grooves of can. Made of rigid, long-lasting, recyclable plastic. Reusable.

P/N 09-01754.....

POUR-IT REUSABLE PAINT LID

The only reusable paint can lid that seals to the inside of all one gallon cans. This keeps the paint out of the lid channel for a perfect re-seal. It keeps all contaminants out of your paint. As it was designed for accurate pouring, it also has a quality screw cap on the pour spout for easier access to trim paints, primers & sealers that are used often, in smaller quantities. Pourit eliminates hazardous paint spill, saves clean-up time and reduces material waste. It is washable and reusable. This product should be used anytime you open a round one gallon can.

P/N 09-01756.....

JR. POUR-IT REUSABLE PAINT LID

Quality screw cap for easy access and is large enough for a 2" brush. It grabs the outside of the quart can so it will seal to the inside rim. Jr. Pourit converts any quart can into a jar for maximum material usage. It is washable and reusable. This product should be used anytime you open a one quart can.

P/N 09-01757.....

STORE-IT PAINT SAVING DISC

The only paint saving disc that floats on top of any left over paint in a one gallon can. Storeit will eliminate the skinning and spoiling of paints in storage for reuse at a later date. It will contain VOC's in open containers. It will also eliminate all of your consumer waste disposal expenses associated with these problems. Storeit should be used anytime a paint is prone to skinning or any paint is put into storage for a long period of time. It is washable and reusable.

Storeit is patented in the U.S. with other patents applied for.
 P/N 09-01758.....

SPATCHIT PAINT SPATULA

Designed to remove all of the remaining paint from your one or five gallon container. Used as a spatula, it will eliminate the need for 'ragging clean' the cans before recycling or disposal. It will eliminate your paint waste allowing you to transfer the last bit of paint into a smaller container for later use. This product should be used any time you are emptying a paint can. It is washable and reusable Spatchit has patents pending in the U.S.

P/N 09-01759.....

AERODYNAMIC DENT FILLER

An easy-to-use two-tube system of aluminum filled resin & curing agent. Aluminum dent filler may be used wherever shallow dents occur. Gel time is 10-15 minutes at 70°F. Repair cures to 80% strength in 90 minutes. Used extensively by the airlines and applicable to general aviation repairs.
