

SURVIVAL KITS - FIRST AID KITS

TWO-MAN V.I.P. SURVIVAL PACK

It's staggering just how much useful equipment comes out of this 10" x 11" w x 4" d backpack. Everything arranged logically and available the way you'd want it. Organized into 6 major divisions: medical/first aid, food & water, shelter & protection, fire & cooking, signals & lights, & "emergency devices." Wt: 20 lbs P/N 9217

NYLON CASE FIRST AID KITS

Be sure to carry a first aid kit on all flights, particularly over desolate terrain.

Model A: First Aid Kit - Packed in a nylon case for easy storage. The same type used on commercial air carries with contents in smaller quantities. Ideal for general aviation. Includes all basic necessities in a compact lightweight package. P/N 13-02944

MODEL B: FIRST AID KIT - In addition to all of the first aid products in the Model A kit, Model B also includes a strobe light to aid searches in locating downed aircraft and survival blanket. (Battery not included). P/N 13-02945

MOTION EAZE

Motion Eaze is the most effective motion sickness treatment on the market today. Whether you want to prevent occasional motion sickness or relieve its symptoms, after the fact, Motion Eaze does the job. No matter, if it's sea sickness, car sickness, air sickness or any activity where motion sickness poses a problem, Motion Eaze really works. Contains no drugs, artificial additives, or stimulants of any kind. Only the freshest, highest quality, natural oils are used in its production. Motion Eaze is an oil that is applied to, and absorbed through, the skin, just behind the ear. Relief arrives in minutes and lasts for hours. It's perfect for children that have trouble taking pills. Motion Eaze is safe, having no known side effects. P/N 13-02732

ACUPRESSURE WRIST BAND

Fast, effective motion sickness control without drugs, drowsiness, or other side effects. Can be used by adults or children. Exerts a carefully-controlled pressure on acupressure point of both wrists. Takes 2 to 5 minutes to become effective. Used successfully by physicians & the military. P/N 9411

MOTION SICKNESS RELIEF BAND

Take the ReliefBand® Medical Device along to help relieve that awful feeling of nausea caused by motion sickness. It's drug-free, non-invasive, comfortable to wear and east-to-use. Worn similar to a sports watch, but placed on the underside of your wrist, the ReliefBand® Medical Device works using gentle electronic signals to stimulate nerves in the wrist. A tingling sensation lets you know the ReliefBand® Medical Device is working. This helps normalize stomach rhythm, helping to relieve nausea. P/N 13-05700

SIC-SAC™

Use these for air sickness emergencies. Moisture proof and tear resistant even under extreme temperature changes. 10 sacks, individually packaged, each with attached tie band. Pack of 10 P/N 9296

PUMA METHOD FOR PREVENTION OF MOTION SICKNESS

Take Control of your Life!

Imagine the Possibilities!

The Puma Method is a series of simple conditioning exercises, taught on VHS or interactive DVD, that effectively prevents the nausea, vomiting, lightheadedness and other unpleasant symptoms experienced by over 50% of the population while traveling. Sam C. Puma MD, president of Puma Applied Science and former Air Force Flight Surgeon at NASA, developed these revolutionary new exercises to totally eliminate carsickness, seasickness, airsickness, and even spacesickness. The Puma Method is unique in that it uses the body's own mechanism to actually master motion sickness, so there is never a need for drugs, devices or herbs. This means no unexpected or unpleasant side effects. The mild head, neck and upper body exercises take only about 15 minutes a day to do. DVD P/N 13-03675 VHS..... P/N 13-03676

ACR SIGNAL MIRROR

Sighted signaling mirror with float and whistle. Designed to provide optimum sighting "spot" with holographic red dot viewing window. When target image, mirror & sun are in proper alignment, red dot on target ensures mirror reflection is on target. Telescope quality second surface reflective mirror is bright, provides focused image. Buoyant float for easy recovery if dropped overboard. Patented whistle (meets USCG) for audible alerting in low visibility conditions. Signal Mirror has lanyard for securing to person or liferaft. Size: 4.25x2.75x0.19 in. (10.8x7x0.5cm); Wt: 1.8 oz (51 g) P/N 13-03177

SURVIVAL BLANKET

Often called the "space blanket." NASA thought of everything when they came up with this metal-coated nylon design. Waterproof and windproof, it retains 80% of body heat, it's colored to be seen from more than 4 miles away (although it measures just 4' x 7'), it's radar-reflective, and it folds down into a water-proof pouch 8.5"x9"; wt:10 oz. P/N 9145

LAND/SHARK INSTANT SURVIVAL SHELTER LS-1300

Stored in its water, vapor and grease-proof vacuum sealed pouch, it measures only 6" x 8" x 1" and weighs a mere 18 oz. (0.5 kg.). When needed, it opens to a windproof, waterproof, heat-retaining roomy 36" x 84" (91.4 cm x 213.4 cm) thermal cocoon that provides full body coverage, even over heavy outerwear and boots. It then protects you from exposure and helps you maintain a life-sustaining core body temperature until help arrives. In the open water, the waterproof bag serves to slow the drain of vital body heat and provides protection from chilling sea spray and breaking waves. The aluminized (International Orange) material is radar reflective for search aircraft and high speed vessels moving at night. In warmer waters where the sun is a danger to exposed skin above the water, the bag can be configured to provide for shade and ventilation. P/N 13-05691

LIGHTED LINEMAN WANDS

Used by US Air force • Up to 400 hours operation • 21" long • Waterproof • Uses 2 D batteries (not incl.) • Fluorescent coated diffuser enhances red light output. P/N 13-08959

PELTOR FIRST AID KIT

This 90 piece first aid kit from Peltor was designed for aviation use and includes bandages, iodine pads, butterfly wound closures, alcohol prep pads, adhesive pads, sting relief pads, latex gloves, eye pads, tape, splint, eyewash, tweezers, scissors, cold pack, first aid handbook, and more. In plastic case with gasket. P/N 13-94535

AIRCRAFT EMERGENCY SURVIVAL KIT

This is an ideal emergency support kit for plane, boat, home, office or school. This kit will sustain a person for 3 days. Includes: 2400 calories of ready-to-eat US Coast Guard approved food, sterile Coast Guard approved water, a lightweight (54" x 48") durable, waterproof blanket, & assorted first aid supplies, matches etc. P/N 9641

3M™ ULTRATHON INSECT REPELLANT

Unique, time-release technology allows you to enjoy the outdoors longer. Provides lasting protection — up to eight hours against mosquitoes, gnats, chiggers, biting flies and ticks. Helps reduce the risk of contracting West Nile Virus and Lyme Disease. 2 oz. Lotion..... P/N 09-01723..... 6 oz. Aerosol..... P/N 09-01724.....
