

REFERENCE MAPS – AIR MAPS

MEXICO VFR WAC CHARTS

Published by INEGI - Mexico's National Institute of Statistics, Information & Geography. These World Aeronautical Charts (WAC) were released in 2008 and contain topographical, airport and navaid information. Mexico is divided into 12 regions and 2 regions are printed on each chart for a total of 6 individual charts. Updated every 4 years. SCALE 1:1,000,000. Note that aircraft landing in Mexico that departed from Central America, South America or the Caribbean are subject to special AOE requirements and can only use the Cozumel and Tapachula airports as AOE's. Detailed airport information and fuel availability can be found in the Pilot's Guide.

Description	Part No.	Price
Monterrey-N.Laredo	13-06079	.
Acapulco-Mexico	13-06080	.
Tuxtla Gutierrez-Mer	13-06081	.
Chihuahua-Juarez	13-06082	.
Hermosillo-Mexicali	13-06083	.
Guadalajara-Culiac	13-06084	.

AVIATOR'S QUICK REFERENCE MAPS

Flight Case Map - US 5th Edition

This is the map that actually started it all and launched our business in 1988. The Aviators' Quick Reference Map has become standard equipment in the flight bags of thousands of professional pilots all over the world and is standard issue to the pilots of several major airlines.

Colorful and accurate, these maps clearly depict state boundaries, time zones, major cities and towns, rivers, lakes, mountain ranges, national parks and points of interest. Also listed are major airports and VOR's (with frequencies for easy identification). Hundreds of interesting state by state facts and figures are listed on the back side. Two finishes: laminated or tearproof. The laminated version has a write-on/wipe-off surface. Either is durable enough to with stand years of use. A great aid for making more interesting PA's. When folded, laminated map measures 10.5" x 16" and tearproof is 8" x 10.75". Both fit perfectly in a flight case. Scale 1"= 90 miles.

Flight Case Map Laminated U.S. P/N 13-05677
 Flight Case Map Tearproof U.S. P/N 13-05678
 Flight Case Map Canada/Alaska P/N 13-05687

U.S. QUICK REFERENCE WALL MAP

Due to popular demand, we have come up with an extra large version of our popular Aviators' Quick Reference Map and made it wall-size. Perfect for use at home, office, hangar, briefing room, etc.

This map depicts state boundaries, time zones, major cities and towns, rivers, lakes, mountain ranges, national parks and other points of interest. Also listed are major airports and VOR's (with frequencies for easy identification).

It is ideal for flight planning or "pinning" your favorite destinations. Measures 33" x 23" or 52" x 36" and is laminated so that you can write on it and just wipe it off. Makes for an attractive wall mount anywhere! Shipped to you rolled with no creases. Scale: 1"= 55 miles.
 Wall Map U.S. Expanded P/N 13-05688
 Wall Map U.S. Map Standard P/N 13-05689

SKYCLOPEDIA OF THE US

As a passenger, did you ever hear another pilot make an exceptionally interesting PA and wonder where he or she picked up such interesting trivia? Well here's their secret.....the SkyClopedia of the USA.

A perfect companion to our Aviator's Quick Reference Maps is the SkyClopedia, written by veteran airline pilot Milt

Jines. Jines used his many years of line flying and personal traveling experience to put together a comprehensive collection of sights commonly seen from the air into one convenient spiral-bound book.

Contains literally thousands of listings of geological, historical and statistical points of interest in a state-by-state format.

Now it's your turn to make better PA's and entertain your passengers with this interesting information! Contains 359 information-packed pages. Measures 8 1/2" x 11" x 3/4"..... PN 13-05692

AVIATOR'S QUICK REFERENCE DESK MAP - US 5TH EDITION

The same map as the US Flight Case Map, without the folds and a 1 inch border added with latitudes and longitudes. Heavy map paper and laminate. Full map size: 33 1/2" x 23"

PN 13-05690

AVIATOR'S QUICK REFERENCE FLIGHT CASE MAP - EUROPE

Designed exactly with the same detail and colors as our U.S. Map, this Aviator's Quick Reference Map of Europe clearly depicts national boundaries, time zones, major cities and towns, rivers, lakes, mountain ranges, national parks as well as other points of interest. Listed are major airports as well as VOR's with names, frequencies and identifier codes. The tear-proof flight case-size maps measure 32.5" x 25" when unfolded and only 8" x 11" when folded. For mounting on a wall, we have a wall-sized laminated version that has a write-on/wipe-off surface and measures 35" x 27.5". Scale: 1" = 80 miles.

CAPTAIN'S ATLAS OF U.S.

Intended for the airline or business jet passenger, this flight reference map is designed primarily for trip planning and referencing landmarks of the USA while in flight.

Two versions of the map are offered: folded and a wall map. They are both packed with useful information on cities, parks, highways, and other points of interest from California to Maine.

The folded flight map is printed on durable tear-proof paper and fits perfectly in a seat pocket or briefcase, making it a great gift for the "Frequent Flyer"! The wall map is shipped to you rolled, has no folds and has a write-on/wipe-off surface. Flight Map measures

8 1/2" x 11" when folded and the Wall Map is 34" wide x 23" high.
