

SMOKE HOODS - LIFE VESTS

PARAT C EMERGENCY SMOKE HOOD

The PARAT C is a lightweight, portable easy to don smoke escape hood designed for self-rescue in the event of a fire. The PARAT C protects the wearer for a minimum of 15 minutes from smoke, carbon monoxide and toxic gases normally present during a fire. It is ideal as a personal escape device which can be used in emergency situations occurring in homes, office or apartment buildings, schools, hospitals, plant facilities and hotels.

FEATURES: Hood made from flame-retardant, self-extinguishing PVC material. Bright orange hood with high visibility and excellent reflective properties. One universal size. Can be worn with glasses, long hair and beards. Large visor treated with anti-misting agent provides wide range of vision for quick escape. Elastic collar makes hood easy to don and adjust. Comfortable, soft, inner mask allows wearer to breath normally through nose or mouth, Perfect for frequent travelers.

PEACE OF MIND SMOKE HOODS

Peace of Mind hoods are emergency respiratory aids that give you the necessary protection to evacuate any area where toxic fumes or smoke could indispose a victim. Also provides protection for eyes, hair, & free against flames, toxic fumes, dust, and sparks. In their vacuum-sealed package, the Peace of Mind hoods are lightweight (3.5 oz) and compact (7.5" x 4.5" x 0.75"). In a few, fast, easy steps, you can slip on the hood and evacuate. Assures peripheral vision, hands free usage & unimpeded communication. You can hear, see,

and talk while wearing the Peace of Mind hood. Its use of filters instead of a mouthpiece and/or breathing apparatus makes Peace of Mind hood easier to use than other devices; Just pull it over your head and evacuate. Excellent for use in general aviation aircraft as well as for travel on commercial airlines. The transparent wall case holds two hoods and two light sticks for use in home or office. The 6-inch light stick diffuses 30 minutes of intense light without heat or flame. Non-toxic and easy to use.

SMILEVIEW MIRROR™

With the introduction of the SmileView Mirror™, a major drawback of high wing tandem seat aircraft has been solved! Even with an intercom, in flight communication has been lacking. Facial expressions can say so much more than just words over an intercom. Instructors, Young Eagle Pilots or anyone flying with a friend need to see the face of their

passenger to gauge what they are feeling. The SmileView Mirror™ has a 4" x 4" acrylic mirror that mounts securely to avoid vibration, giving a great view. Total weight is 7 oz. and it clamps onto the overhead structural tubing with a socket wrench. It's easily removed, if necessary.

Which of the two versions you use depends on whether your aircraft has a short tube running from the V structure in the windscreen to the wing root or not. The American Champion family of aircraft has this short tube and uses the Rear Mount version. Cubs and many LSA use the End Mount as they have the V structure, alone.

SURVIVAL PRODUCTS LIFE RAFTS

Perfect for general aviation. Small and compact it fits in a lightweight valise 4" x 12" x 14" and weighs only 12 lbs. But don't be fooled by its size, price or weight. This raft will do the job for you under the most adverse condition. It provides a fresh water buoyancy of 190 lbs. per person and a deck area of 3.6' per person which exceeds all Govt. standards. Inflated, the raft is 46' inside and 68' outside and every square inch has

been meticulously made from raw materials and components tested for their durability and life expectancy. Every raft is pressure tested and all seams and adhesive bonds rigorously checked prior to release. Raft includes sea anchor, bailing bucket, hand inflation pump, and CO inflation system. Optional survival equipment shown below. 6-13 person raft is 5' x 12' x 14' and weighs 18 lbs. Available in non-TSO'd and TSO'd versions.
