## MUSTANG INFLATABLE LIFE PRESERVERS

**CLASSIC INFLATABLE PFD (MANUAL ACTIVATION) -** A perfect choice for any boater interested in a lightweight design with high mobility, the Mustang Survival MD3003 Classic Inflatable PFD can be easily worn over a t-shirt in warm weather or over a jacket in colder conditions. The simple construction makes it is easy to wear and maintain, the durable nylon shell makes it suitable for a variety of activities and the inflated cell features a safety whistle and SOLAS reflective tape for high visibility.

**DELUXE INFLATABLE PFD (MANUAL ACTIVATION) -** The Deluxe Inflatable PFDs combine the advanced safety of inflatable technology with product enhancements such as comfort-improvement features and a safety inspection window to easily tell users if the inflator is ready for use. The Velcro(TM) closure makes it easy to wear and maintain while closing to the outside to reduce chafing around the neck and chest; the neoprene Comfort Collar(TM) eliminates neck irritation. Made for recreational enthusiasts and professionals alike, the MD3085 sports a manual inflation system and is lightweight and close-fitting to ensure it doesn't interfere with daily activities.

**TWIN CHAMBER AVIATION PASSENGER LIFE PRESERVER -** The MD1127 Twin Chamber Inflatable is a constant wear life jacket that provides flotation protection for aircrew flying over water in the event of emergency landings. The MD1127 features an inflatable cell that is comprised of two independent chambers, separated by a fully integrated floating baffle system. This provides for an orally inflated reserve chamber in the event that the primary chamber becomes damaged. Federal Aviation Administration (FAA) approved, the MD1127 is lightweight and designed for constant wear and comfort. The unit is manually inflated and delivers 37lbs of buoyancy and is made with a fire-resistant cover.

**MD3085/MD3087 RE-ARM KIT -** The Manual Inflatable Re-Arm Kit contains everything necessary to re-arm your Mustang Survival Manual Inflatable PFDs after deployment.

Contains: one 33gram CO2 cylinder, one re-arming instruction manual.

For model numbers: MD3085 - Deluxe PFDs 3F Manual - USA, MD3087 - Deluxe PFDs 3F Manual with Harness - USA

MD3051 - Deluxe PFDs 3F Manual - Canada

MD3052 - Deluxe PFDs 3F Manual with Harness - Canada

Use only Mustang Survival re-arm kits. Use of other re-arm kits may result in improper operation or failure to operate and will void the product's warranty.

## CLOSED CELL NEOPRENE HOOD

### BREATHABLE CONSTANT WEAR AVIATION COVERALL

The MA7348 Closed Cell Neoprene Hood offers increased protection against the elements when worn with Mustang Survival anti-exposure gear. Designed for easy integration with the MSD900, MSD901, MSD585, MAC200 and MAC300, the hood provides exceptional head and neck insulation and includes a lanyard to tether hood to suit, an adjustable mouth guard for protection from spray and a velcro attachment point for an emergency light. Sizes: N/A or Universal Colors: RED

## WORK SUITS

**CONSTANT WEAR AVIATION COVERALL -** The MAC10 is a close fitting, anti-exposure suit for pilots and passengers flying over marine environments. Designed to replace multiple garments used to protect aircrew from individual operational hazards, the integrated three layer suit offers protection from fire and its radiant heat, cold exposure, cold water immersion and drowning. A durable, flame resistant Nomex® anti-static outer layer provides protection for the inherently buoyant, thermal protective wetsuit. An inner layer of Nomex® provides further fire protection and comfort. Even after being significantly marred by fire or puncture, the suit maintains its flotation and hypothermia protection. Rugged leather abrasion panels are integrated into the knees and seat offering protection from petroleum, fuel oils and soiling. Multiple pockets provide storage for notepads, pens and survival equipment. An insulated thermal protective hood, stored in the right leg pocket, minimizes heat loss and provides additional fire protection for the head.

The MSF300 comes ready to wear with included universally sized dry socks, trim to fit wrist seals and CCS™ adjustable neck seal.

Sizes: 13, 10, 7, 4, 1, 15, 12, 9, 6, 3, 14, 11, 8, 5, 2, 12A, 9A

Colors: ORANGE, ROYAL BLUE, SAGE GREEN

**BREATHABLE CONSTANT WEAR AVIATION COVERALL -** The MAC100 is a breathable flight coverall that provides anti-exposure protection without sacrificing comfort during prolonged missions. Engineered for maximum mobility during marine aircraft operations, this three layer integrated suit provides protection against fire, radiant heat, cold weather, cold-water immersion and drowning. The breathable foam liner features a moisture permeable membrane that allows excess moisture to escape while providing a thermal barrier against the dangers of outside elements. Durable, flame-resistant Nomex aramid, anti-static fabric provides external protection for the inherently buoyant, flame resistant, thermally protective, integral wetsuit. Even after being significantly marred by fire or puncture, the suit maintains its flotation and hypothermia protection. Rugged leather abrasion panels are integrated into the knees and seat offering protection from petroleum, fuel oils and soiling. Multiple pockets provide storage for notepads, pens and survival equipment. An insulated thermal protective hood and inflatable mitts are stored in the ankle pockets. Sizes: 7, 6, 5, 4, 15, 14, 13, 12A, 12, 11, 10, 9A, 9, 8, 3, 2, 1 Colors: ORANGE, ROYAL BLUE, SAGE GREEN

## AVIATION DRY SUIT

### CONSTANT WEAR AVIATION DRY SUIT SYSTEM (2 LAYER)

The MSF300 is a two-layer Aircrew Dry Suit that combines the performance of the 3 layer MAC300 into two layers allowing greater mobility with reduced bulk and lower thermal burden. The outer shell uses a blended GORE-TEX®/NOMEX® fabric that is waterproof, breathable, flame-retardant and anti-static. High-wear areas are strategically reinforced to enhance the suit's durability and prevent abrasion damage that could compromise the suit's integrity. The breathable thermal liner provides both insulation and emergency flotation and

features Mustang's aerated closed-cell foam quilted with a wicking fabric that pulls excess moisture away from the body. An adjustable neck seal using Mustang's patented Closed Comfort System (CCS™) can be worn loose to provide comfort out of the water and can quickly be drawn tight to keep the water out and trim to fit neoprene wrist seals provide watertight integrity. The thermal liner can be easily removed from the outer shell to reduce thermal protection where not operationally required. An ergonomically designed rear entry allows for self donning and doffing. Integral pockets are designed for a variety of uses and facilitate access even when wearing a survival vest over the suit. The MSF300 comes ready to wear with included universally sized dry socks, trim to fit wrist seals and CCS™ adjustable neck seal. Sizes: XXL, XXXL, M, S, SX, L, XL Colors: ORANGE, SAGE GREEN
